# Reimbursement

---

Reimbursement must be based on the basis of actual costs (reimbursement of receipts). Costs may be claimed only for journeys directly connected to specific and clearly identifiable project related activities.

Costs for subsistence (cost of accommodation, meals, local travel within the place of mission and sundry expenses) are eligible up to the actual amount spent. It is thus very important to keep all supporting documents. These may be requested by the Agency before making the final payment but should be kept available in any case for a possible ex post audit/control.

To be considered eligible, these costs must be reasonable, conform to local prices and be exclusively linked to the project. Lost, fake or incomplete documentation will not be reimbursed
